EUROPEAN WOMEN'S LOBBY
FOR A FEMINIST EUROPE
Did you know that in the EU...

- 2% of the presidents of the largest companies are women
- 63% of Members of the European Parliament are men
- There are 4 men for every woman who gets news coverage
- Women earn an average of 16% less than men, and the pension gap is as high as 39%
- Women are 4 times more likely than men to work part-time
- An estimated 1 in 3 women has been a victim of male violence, 1 in 5 of rape
- Women cannot access legal abortion in 4 EU member states
Why a European Women’s Lobby?

✓ No real equality between women and men
✓ Discrepancies of legislation and reality
✓ Need for women’s organisations to ally, share information, develop common action
✓ Need to support all women in their diversity
✓ Women’s voice and advocacy at European level
✓ Together, we can make a change!

EWL STRATEGIC FRAMEWORK 2016-2020

EWL’s VISION

We believe in a Feminist Europe.

We want a holistic, transformational socio-economic vision, based on well-being, equality, social justice, and a powerful voice against women’s poverty. We envision a culture in which women enjoy equal rights and participation in reimagined power and decision-making structures, in which all forms of violence against women has been eliminated, and women have been liberated from all forms of oppression. We envision a society in which women’s contribution to all aspects of life is recognised, rewarded and celebrated - in leadership, in care and in production; all women have freedom of choice, self-confidence, and freedom from exploitation; and no woman has been left behind.

EWL’s MISSION

We are a credible source of expertise and experience on equality between women and men, women’s rights and equality between women and men, representing the diversity of the women’s movement across the European Union. We represent an inclusive, confident, loud, independent feminist voice and bring real women’s voices into the EU political arena. We build consensus and mobilise our members’ collective experience to work on major issues affecting women, to realise women’s rights, equality between women and men and social justice. We act as a catalyst connecting different actors and organisations to bring change at EU level.

EWL’s 5 KEY PRINCIPLES

- Women’s rights are Human Rights (non-negotiable and indivisible)
- Solidarity
- Autonomy
- Inclusion
- Participation

EWL’s 6 CORE VALUES

- Equality between women and men
- Dignity
- Diversity
- Justice
- Peace
- Respect
Transforming society

1. To put an end to all forms of violence against women and girls and promote a society of peace, human security and dignity

2. To challenge and change the culture of sexism and stereotypes and promote positive roles for women and men

3. To promote the feminist transformation of a sustainable economy based on new economic models based on equality, well-being, care and social justice

4. To position women at the heart of political, social and economic participation and decision-making

+ Transversal aims: international action for women’s rights / support to & implementation of EU Strategy on equality between women and men

From Words to Action!
2016: Challenges ahead

✓ Illusion of equality, or interest just for economic growth
✓ Impact of the crisis and austerity measures on women and on women’s organisations (funding)
✓ Weakening/disappearance of institutional mechanisms for gender equality and women’s rights
✓ Climate of conservatism and anti-feminism, anti-gender movements, backlash against women’s rights, especially Sexual and Reproductive Health and Rights
✓ Impact of neoliberalism & consumer society on women’s representations, roles and stereotypes: commodification, sexualisation, dividing the movement

Attacks on civil society space
2016: Opportunities!

✓ Young feminists!
✓ Men mobilising for women’s human rights!
✓ Social media and digital world
✓ Women’s organisations mobilise (Nordic Forum, women’s congresses in Eastern Europe...)
✓ Urgent need for feminist principles of peace and security, and of feminist economics, to bring real change!
